

# AIIMS CADAVERIC SURGICAL SKILL TRAINING

Learning for Excellence in Patient Care

Jai Prakash Narayan Apex Trauma Centre  
All India Institute of Medical Sciences, New Delhi

**Annual Event Calendar  
2025-26**

# EXECUTIVE MEMBERS

**Prof. Kamran Farooque**  
Chief,  
JPNATC & Chairman, ACSST Facility

**Prof. Vijay Sharma**  
Faculty Incharge, ACSST Facility

**Prof. Deepak Agrawal**  
Member, ACSST Facility

**Prof. Babita Gupta**  
Member, ACSST Facility

**Prof. Biplab Mishra**  
Member, ACSST Facility

**Dr. Arvind Kumar**  
Member Secretary, ACSST Facility

# AIIMS Cadaveric Surgical Skills Training

The AIIMS Cadaveric Surgical Skills Training (ACSST) facility is developed with the objective to train doctors with highly refined surgical dissection skills. In this endeavor, the ACSST intends to deliver several cadaveric courses all the year round, to physicians and surgeons across the country and abroad. The facility became operational in 2014 through a generous grant from Indian Council of Medical Research (ICMR) and Department of Health Research (DHR), New Delhi.

The lab is located at the basement area of JPNA Trauma Centre, AIIMS. The ACSST has capacity of 7 work stations. The facility provides specially prepared cadavers suitable for any form of surgical training.

The cadaver laboratory also allows biomedical research to develop and validate new products / techniques / implants & new surgical procedures. The commonly used formalin embalmed cadavers are rigid & are of little use for surgical training. Our lab uses modified THIEL method to embalm cadavers. The ACSST lab is

one of its kind in the country and is at par with other such facilities around the world.

In year 2024-25 ACSST lab organized 41 cadaveric courses and trained 910 participants from different specialties:

Sl. No.	Department	No. of Courses	No. of Delegates
1.	Orthopaedics	13	305
2.	Anaesthesia	4	121
3.	Burns, Plastic and Reconstructive Surgery	1	35
4.	CTVS	1	20
5.	Dental	1	10
6.	Surgery (Trauma & Critical Care)	6	95
7.	Emergency Medicine	3	48
8.	ENT	3	38
9.	Neurosurgery	8	218
10.	Surgical Oncology	1	20
